

An Institute For **IAS** Exam...

Syllabus

Prelims 2023

Earth-Origin & Evolution; Earth's Interior; Distribution of Oceans and Continents; Minerals and Rocks; Geomorphic Processes; Landforms and their Evolution; Atmosphere; Solar Radiation, Heat Balance and Temperature; Atmospheric Circulation and Weather Systems; Water in the Atmosphere; World Climate & Climate Change; Oceans & It's movement; Life on the Earth; Biodiversity and Conservation, Questions Based on Map,

India-Location; Structure and Physiography; Drainage System; Climate; Natural Vegetation; Soils; Natural Hazards and Disasters, Questions Based on Map India-Location; Structure and Physiography; Drainage System; Climate; Natural Vegetation; Soils; Natural Hazards and Disasters, Questions Based on Map

Human Geography Nature & Scope; The World Population; Population Composition; Human Development; Primary, Secondary, Tertiary and Quaternary Activities; Transport & Communication; International Trade; Human Settlement Population: Distribution, Density, Growth & Composition; Migration; Land Resources & Agriculture; Water Resources; Mineral and Energy Resources; Manufacturing Industries; Planning and Sustainable Development (Indian); Transport & Communication; International Trade

Earth & universe; Earth's crust; Vulcanism & Earthquakes; Weathering, Mass movement & Groundwater; Landform by running water, Glacial landforms; Arid landforms; Karst landform; Lake; Coastal landform; Islands & Coral reefs; Ocean; Weather Climate & It's types (vegetation, flora & fauna, economic development etc.)

+ **July, Aug & Sept 2022**

TEST PAPER:- 9010

New Batch Prelims Crash Course 22nd Jan

1. With reference to 'Karewas' consider the following statements:
 1. It is highly fertile alluvial soil deposits.
 2. It is mainly found in Indo-Gangetic plains.
 3. It is ideal for the cultivation of almonds and apples.
 Which of the statements given above is/are correct?
 (a) 1 and 2 only (b) 3 only
 (c) 1 and 3 only (d) 1, 2 and 3
2. With reference to Concept of Sea Floor Spreading, which of the following statements is/are correct?
 1. The sediments on the ocean floor are very thick.
 2. Rocks closer to the mid-oceanic ridges are the youngest in age.
 3. The continental crust rocks are much younger than the oceanic crust rocks.
 Select the correct answer using the codes given below:
 (a) 2 only (b) 1 and 2 only
 (c) 2 and 3 only (d) 1 and 3 only
3. Consider the following statements regarding landslides:
 1. Slump is the rapid rolling or sliding of earth debris without backward rotation of mass.
 2. Debris slide is the slipping of one or several units of rock debris with a backward rotation.
 3. Rock slide is the sliding of individual rock masses down bedding, joint or fault surfaces.
 4. Creep is the process of slow downslope movement of material under gravity.
 Which of the statements given above are correct?
 (a) 1 and 2 only (b) 1, 2 and 3 only
 (c) 1, 3 and 4 only (d) 3 and 4 only
4. It is common to find meandering courses over floodplains and delta plains of rivers because of:
 1. Gentle gradient of river valley
 2. Active valley deepening action of river
 3. Rejuvenation of river
 Select the correct answer using the code given below:
 (a) 1 and 2 only (b) 1 only
 (c) 2 and 3 only (d) 1, 2 and 3
5. Consider the following statement with respect to Shendurney Wildlife Sanctuary:
 1. It has tropical semi-evergreen forest.
 2. The sanctuary is a part of Agsthyamali Biosphere Reserve.
 3. There is no tribal settlement inside the Sanctuary.
 4. Endemic species, 'Chenkurunji' is part of the sanctuary.
 Which of the following statements given above is/are correct:
 (a) 1 and 3 only (b) 2, 3 and 4 only
 (c) 1, 2 and 3 only (d) 1, 2, 3 and 4
6. With reference to Karst Topography, consider the following statements:
 1. It is typical landforms produced by the action of groundwater through the processes of solution and deposition in the limestone or dolomitic region.
 2. Stalactites and stalagmites are considered as its depositional landforms.
 Which of the Statements given above is/are correct?
 (a) 1 only (b) 2 only
 (c) Both 1 and 2 (d) Neither 1 nor 2
7. Consider the following statements regarding the population composition:

KSG: MEMBER'S COPY

1. In developing countries, generally male population outnumber the female population in urban areas.
 2. Developed countries have low birth rate and high death rate.
 3. Currently, India is in the phase of ageing population.
- Which of the statements given above is/are correct?
- (a) 1 only (b) 1 and 2 only
(c) 2 and 3 only (d) 1, 2 and 3

8. Which of the following statements are cause/s of the slow melting of Glaciers of the North Atlantic Ocean?
1. The presence of Blue Blob located in south of Iceland and Greenland.
 2. The reduction in North Atlantic Oscillation.
 3. Slowdown of the Atlantic Meridional Overturning Circulation.

Select the correct answer using the code given below:

- (a) 1 and 2 only (b) 2 only
(c) 1 and 3 only (d) 1, 2 and 3

9. With reference to the rice fortification, consider the following statements:
1. It requires change in eating pattern of people for being successful of the scheme.
 2. Extrusion is considered to be the best technology for rice fortification in India.
 3. Fortified rice is completely different from traditional rice in aroma, taste, and texture.

Which of the following statements given above is/are correct?

- (a) 1 and 2 only (b) 2 only
(c) 1 and 3 only (d) 1, 2 and 3

10. Which of the following are responsible cause for coral decline?
1. Warming of oceans.
 2. Presence of fishes like *Acanthaster planci*.
 3. Black band and white band disease.

Select the correct answer using the code given below:

- (a) 1 and 2 only (b) 1 and 3 only
(c) 2 and 3 only (d) 1, 2 and 3

11. With reference to Jaivik Bharat, consider the following statements:

1. Sikkim has become the first state in the world to become fully organic.
2. Organic Foods are considered authentic organic only if they have Organic Production and Participatory Guarantee System for India registration certificates.
3. The portal on Organic Food from India is developed by National Informatics Centre.

Which of the statements given above is/are correct?

- (a) 1 and 2 only (b) 1 and 3 only
(c) 2 and 3 only (d) 1, 2 and 3

12. Consider the following statements with respect to Madhav Gadgil committee:

1. It suggested top to bottom approach for environmental governance.
2. The committee classified the extensive region of 33% of the Western Ghat as Ecologically Sensitive Zones.

Which of the following statement given above is/are correct?

- (a) 1 only (b) 2 only
(c) Both 1 and 2 (d) Neither 1 nor 2

13. With reference to Footloose Industries, consider the following statements:

1. They are not dependent on any specific raw material.
2. They produce in bulk quantity and employ a large labour force.
3. They largely depend on component parts which can be obtained anywhere.

Which of the statements given above is/are correct?

- (a) 3 only (b) 1 and 2 only
(c) 1 and 3 only (d) 2 and 3 only

KSG: MEMBER'S COPY

14. Which of the following statements is/are **incorrect** with reference to relative humidity:

1. Sub-tropical regions are characterized by highest relative humidity.
2. The zones of high and low relative humidity shift northward and southward with northward and southward migration of the sun respectively.
3. There is maximum relative humidity in the morning whereas lowest value is recorded in the evening.

Select the correct answer using the code given below:

- (a) 1 and 2 only (b) 1 only
(c) 2 and 3 only (d) 1, 2 and 3

15. Consider the following pair:

Landform	Characteristic
----------	----------------

- | | |
|---------------|--|
| 1. Gour | Rock pedestals formed by sand blasting effect of wind. |
| 2. Zeugen | Tabular masses having a layer of soft rocks lying beneath resistant rocks. |
| 3. Dreikanter | Three wind faceted surfaces |
| 4. Inselberg | Isolated residual hill |

Which of the pairs given above is/are correct?

- (a) 1 and 2 only (b) 1, 2 and 3 only
(c) 3 and 4 only (d) 1, 2, 3 and 4

16. Consider the following statements:

1. According to the Global Coral Reef Monitoring Network more than 50 percent of the world's coral reefs has died in last decade.
2. The "coral modules" are manmade structure designed to help reverse the effects of climate change on coral reef.
3. Indian government recently adopted "coral modules" structure

to restore corals in Andaman Nicobar Island.

Which of the statements given above is/are correct?

- (a) 1 and 2 only (b) 2 only
(c) 1 and 3 only (d) 1, 2 and 3

17. With respect to Barchan, consider the following statements:

1. These are crescentic shaped dunes which always occur individually in desert regions.
2. Strong winds blow sand in one direction in desert region favour the Barchan formation.
3. The windward slope of the barchan is gentle and concave while the leeward slope is steep and convex.

Which of the statements given above is/are correct?

- (a) 1 and 3 only (b) 2 only
(c) 1 and 2 only (d) 1, 2 and 3

18. With reference to Borra Caves sometimes seen in the news, consider the following statements:

1. The caves are located in North-Eastern part of India.
2. It is originated from volcanic eruption.
3. The cave is the existing structure of the middle Paleolithic culture in India.
4. Stalagmite and stalactite formations are found in the cave.

Which of the Statements given above is/are correct?

- (a) 1 and 3 only (b) 1 and 4 only
(c) 2, 3 and 4 only (d) 1, 2, 3 and 4

19. With reference to mass movement, consider the following statement:

1. The steepest angle at which rock and soil material is stable is known as angle of repose.
2. Increased water content within the slope is the most common mass-wasting trigger.

KSG: MEMBER'S COPY

- Which of the above given statements is/are correct?
- (a) 1 only (b) 2 only
(c) Both 1 and 2 (d) Neither 1 nor 2

20. In the context of Gross National Happiness (GNH), consider the following statements:

1. It is a measure of country's material progress and technological developments taking into consideration the possible harm caused to the environment.
2. Bhutan is the only country in the world to officially proclaim the Gross National Happiness as the measure of the country's progress.

Which of the statements given above is/are correct?

- (a) 1 only (b) 2 only
(c) Both 1 and 2 (d) Neither 1 nor 2

21. Consider the following statement with reference to CAPSTONE spacecraft sometimes seen in the news:

1. It was launched by Japanese space Agency JAXA.
2. Its primary objective is to test and verify the calculated orbital stability of a Near Rectilinear Halo Orbit around the Moon.
3. It is the part of Artemis Program.

Which of the following statement(s) given above is/are correct:

- (a) 1 only (b) 2 and 3 only
(c) 1 and 3 only (d) 1, 2 and 3.

22. Consider the following with respect to boundaries between different layers of Earth:

Boundary / Zone Discontinuity	
1. Conorod	Between lower crust and the upper mantle
2. Mohorovicic	Between upper crust and the lower crust

1. Conorod Between lower crust and the upper mantle
2. Mohorovicic Between upper crust and the lower crust

3. Guttenberg Between lower mantle and the outer core
4. Lehmann Between outer core and inner core

How many pairs given above is/ are correctly matched?

- (a) One pair only
(b) Two pairs only
(c) Three pairs only
(d) All the four pairs

23. Consider the following statements:

1. The Trans-Continental Stuart Highway runs between Darwin and Melbourne.
2. The Big Trunk Route runs through The South Atlantic Ocean.

Which of the statements given above is/are correct?

- (a) 1 only (b) 2 only
(c) Both 1 and 2 (d) Neither 1 nor 2

24. Consider the following statements with reference to population pyramid of India developed by national family health survey-5 (NFHS-5):

1. Population Pyramid is used to show the age-sex structure of the population.
2. It shows that fertility rate has decreased considerably in the last 5 years.
3. There has been steady increase in the young population's share in the last five years according to NFHS-5.

Which of the Statements given above is/are correct?

- (a) 3 only (b) 2 and 3 only
(c) 1 and 2 only (d) 1, 2 and 3

25. Which among the following best describes the term "environmental determinism"?

- (a) It is a type of interaction between human and environment where nature has substantial impact to

KSG: MEMBER'S COPY

- determine the patterns of human culture and societal development.
- (b) It is a situation of absolute freedom to human beings to create cultural landscape by overcoming the constraints imposed by nature.
- (c) It refers to a calculated illustrative concept which determines how humanity's resource consumption exceeds Earth's capacity to regenerate those resources.
- (d) None of the above
26. Consider the following statements with reference to Most Favored Nation Status:
1. Article 1 of the General Agreement on Tariffs and Trade, 1994, requires every WTO member country to accord MFN status to all other member countries.
 2. At present, India conferred MFN status to all WTO member countries.
- Which of the statements given above is/are correct?
- (a) 1 only (b) 2 only
(c) Both 1 and 2 (d) Neither 1 nor 2
27. Idea of human development is related to which of the following?
1. Equity
 2. Sustainability
 3. Empowerment
 4. Productivity
- Select the correct answer using the codes given below:
- (a) 1, 3 and 4 only
(b) 1, 2 and 3 only
(c) 2 and 4 only
(d) 1, 2, 3 and 4
28. Which among the following can be the positive effects of Volcanoes?
1. Ocean Acidification
 2. Creation of new landforms
 3. Rise of Hot-Springs
 4. Improvement of fertility of soil
- Select the correct answer using the code given below:
- (a) 1 only (b) 2 and 3 only
(c) 2, 3 and 4 only (d) 1, 2, 3 and 4
29. Consider the following statements with reference to Shield Volcanoes:
1. These are the largest of all the volcanoes on the earth.
 2. These are most explosive volcanoes in nature.
 3. The Hawaiian volcanoes is a famous example of it.
- Which of the statements given above is/are correct?
- (a) 1 and 3 only (b) 2 only
(c) 3 only (d) 1 and 2 only
30. In which of the following cases, a region will experience positive growth of population?
1. When the birth rate is more than the death rate.
 2. When birth rate is equivalent to the death rate.
 3. When people from other countries migrate permanently to that region.
- Select the correct answer using the code given below:
- (a) 1 only (b) 1 and 2 only
(c) 2 and 3 only (d) 1 and 3 only
31. With reference to gravity anomaly, which among the following will be the possible reason for that?
1. High rotational speed
 2. Uneven distribution of materials within the earth.
- Select the correct answer using the code given below:
- (a) 1 only (b) 2 only
(c) Both 1 and 2 (d) Neither 1 nor 2
32. The term 'Oran' often heard in the news corresponds to which of the following?
- (a) It is sacred groves in the area of Rajasthan.

KSG: MEMBER'S COPY

- (b) It is mask making tradition of Assam.
(c) It is tribal headgear of Meghalaya.
(d) Traditional flood water harvesting systems indigenous to Bihar.
33. Consider the following statements:
1. India's trade volume in terms of merchandise trade decreased by 9 percent in FY 2021-22 compared with the previous year.
2. During the FY 2021-22, the biggest export item was petroleum and petroleum products.
Which of the statements given above is/are correct?
(a) 1 only (b) 2 only
(c) Both 1 and 2 (d) Neither 1 nor 2
34. With reference to Lanchang Mekong Cooperation Group, consider the following statements:
1. It is a regional cooperation group formed in 2016.
2. Its members include the countries of South Asia.
3. India is a founding member of this group.
Which of the following statements given above is/are correct?
(a) 1 only (b) 2 and 3 only
(c) 1 and 3 only (d) 1, 2 and 3
35. Consider the following pairs:
- | | Major Port | Country |
|----|------------|------------|
| 1. | Tripoli: | Lebanon |
| 2. | Calais: | Netherland |
| 3. | Memphis: | USA |
| 4. | Abadan: | Iraq |
- How many pairs given above are correctly matched?
(a) One pair only
(b) Two pairs only
(c) Three pairs only
(d) All four pairs
36. Consider the following statements with reference to temperature distribution of Ocean water:
1. Temperature of the ocean surface decreases from the equator towards the poles.
2. Oceans in the southern hemisphere receive more heat than the northern hemisphere due to their contact with larger extent of land.
3. The highest ocean surface temperature is observed at equator.
Which of the statements given above is/are correct?
(a) 1 only (b) 1 and 2 only
(c) 2 and 3 only (d) 1, 2 and 3
37. With reference to Mica, consider the following statements:
1. Its composed of a series of plates that can be easily separated into thin sheets.
2. It has a low power loss factor and can sustain high voltages.
3. Andhra Pradesh is India's largest mica producer.
Select the correct answer using the code given below.
(a) 1, 2 and 4 only
(b) 2, 3 and 4 only
(c) 1 and 3 only
(d) 1, 2, and 3
38. With reference to Enhanced Rock Weathering, consider the following statements:
1. Enhanced Rock Weathering increase ocean acidification.
2. Tropical climate and perennial crops favour higher weathering rates.
Which of the above given statements is/are correct?
(a) 1 only (b) 2 only
(c) Both 1 and 2 (d) Neither 1 nor 2
39. Consider the following statements with reference to Sea Ports in India:

KSG: MEMBER'S COPY

1. Port which is currently named as Deendayal Port was the first port created in Independent India.
 2. At present, there is only one riverine port in the Country.
 3. India allowed Foreign Direct Investment of up to 100% for port and harbour construction and maintenance projects.
- Which of the statements given above is/are correct?
- (a) 1 only (b) 2 only
(c) 2 and 3 only (d) 1, 2 and 3
40. With reference to Kondapalli toys, consider the following statements:
1. These toys are indigenous to Karnataka.
 2. They are made of brass extracted from local mines.
 3. The art shows influence of Islamic style.
 4. It is recognized as one of India's geographical indication.
- Which of the Statements given above is/are correct?
- (a) 1 and 2 only
(b) 3 and 4 only
(c) 1, 3 and 4 only
(d) 1, 2 and 3 only
41. In the context of Production Linked Incentive (PLI) Scheme, which of the following statements is/are correct?
1. It aims to create national manufacturing champions and generate employment opportunities for the country's youth.
 2. PLI Schemes are a cornerstone of the Government's push for achieving an Atmanirbhar Bharat.
 3. The scheme offers incentives to the domestic companies on incremental sales from products manufactured in India.
- Select the correct answer using the code given below:
- (a) 3 only (b) 1 and 2 only
(c) 1 and 3 only (d) 1, 2 and 3
42. These are large dome-shaped intrusive bodies with a level base and connected by a pipe-like conduit from below. It resembles the surface volcanic domes of composite volcano, only these are located at deeper depths. It can be regarded as the localized source of lava that finds its way to the surface.
- The above description is concerned with which of the following Intrusive landform of volcano?
- (a) Laccoliths
(b) Lopoliths
(c) Dyke
(d) Batholiths
43. Consider the following statement with reference to Leprosy in India:
1. It is caused by Mycobacterium leprae.
 2. It may affect *internal organs and tissues*.
 3. It can be transmitted from person to person.
 4. It had been declared eliminated in India.
- Which of the following statements given above is/are correct:
- (a) 1 and 3 only
(b) 2, 3 and 4 only
(c) 1, 2 and 3 only
(d) 1, 2, 3 and 4
44. Which of the following features is/are associated with the divergent plate boundaries?
1. Ocean trenches
 2. Rift Valley
 3. Submarine Mountain ridges
- Select the correct answer using the code given below:
- (a) 1 only (b) 1 and 2 only
(c) 2 and 3 only (d) 1, 2 and 3
45. Consider the following with reference to the mode of formation of sedimentary rocks:
- | Mode of formation | Example |
|--------------------------|----------------|
|--------------------------|----------------|

KSG: MEMBER'S COPY

1. Mechanically formed Sandstone sedimentary rocks
 2. Organically formed Chalk sedimentary rock:
 3. Chemically formed Coal sedimentary rocks:
- How many pairs given above are correctly matched?
- (a) One pair only
 - (b) Two pairs only
 - (c) All the three pairs
 - (d) None of the pairs
46. Consider the following pairs with reference to Diastrophism:
1. Epeirogeny Uplift or warping processes of large parts of the earth's crust.
 2. Orogenic Mountain building processes through severe folding.
 3. Plate Horizontal tectonics movements of crustal plates.
- How many pairs given above are correctly matched?
- (a) One pair only
 - (b) Two pairs only
 - (c) All the three pairs
 - (d) None of the pairs
47. With respect to the Project NETRA sometimes seen in the news, consider the following statement:
- (a) It aims to facilitate growth in the drone sector.
 - (b) It is a *surveillance* project for women's safety.
 - (c) It aims to monitor space debris.
 - (d) It aims to assist the *Visually Handicapped persons*.
48. With reference to tide formation, consider the following statements:
1. Spring tide occurs when sun and moon are at right angles to each other.
 2. Neap happens when the sun, the moon and the earth are in a straight line.
 3. The highest tides in the world occur in the Bay of Fundy in Canada.
- Which of the statements given above is/are correct?
- (a) 1 and 2 only
 - (b) 3 only
 - (c) 2 and 3 only
 - (d) 1, 2 and 3
49. In the context of Atmospheric Circulation, the terms "Roaring Forties", "Furious Fifties" Screaming or Shrieking Sixties related to?
- (a) North East Trade Winds towards Equator.
 - (b) South East Trade Winds blowing towards Equator.
 - (c) Westerlies wind blowing in southern Hemisphere
 - (d) Westerlies wind blowing in northern Hemisphere
50. Consider the following statements with reference to the effects of El Nino Phenomenon:
1. Walker circulation is dominant in the western part of the Pacific Ocean.
 2. The West coast of South America receives less rainfall.
 3. Southeast Asia and Australia experience heavy rainfall.
- Which of the statements given above is/are correct?
- (a) 1 and 2 only
 - (b) 2 and 3 only
 - (c) 1, 2 and 3
 - (d) None of the above
51. Which among the following mechanisms explains the transfer of heat energy from the earth's surface to the lower atmosphere?
- (a) Convection Process
 - (b) Terrestrial Radiation
 - (c) Conduction Process
 - (d) Advection Process

KSG: MEMBER'S COPY

52. Consider the following statements with reference to Periyar river:

1. It rises in the Varushanad Hills of western ghats.
2. The river is surrounded by Sathyamangalam Tiger Reserve.
3. Kallanai Dam is built across this river.

Which of the statements given above is/are **incorrect**?

- (a) 2 only (b) 1 and 3 only
(c) 2 and 3 only (d) 1, 2 and 3.

53. Consider the following statements with reference to the Layers of the Atmosphere:

1. Height of the troposphere decreases from the equator towards the poles.
2. Ozone gas is highly concentrated in the upper part of the stratosphere.
3. Exosphere is the coldest layer of the atmosphere.

Which of the statements given above is/are correct?

- (a) 1 only (b) 1 and 2 only
(c) 2 and 3 (d) 1, 2 and 3

54. Consider the following pairs:

Local Wind	Associated Region
------------	-------------------

- | | |
|------------|-----------------|
| 1. Chinook | Rocky Mountains |
| 2. Sirocco | Mediterranean |
| 3. Mistral | Alps |

How many pairs given above is /are correctly matched?

- (a) One pair only
(b) Two pairs only
(c) All the three pairs
(d) None of the above pairs

55. Which of the following best explains the absence of Tropical cyclones near the equator:

- (a) Insolation over the equator is too high.
(b) Great height of the troposphere in the equator.

- (c) Absence of Coriolis force.
(d) Disturbance of North east and South east trade winds.

56. Consider the following pairs regarding minor plates:

Minor plate	Location of the plate
-------------	-----------------------

- | | |
|-------------------|---|
| 1. Cocos plate | Between North America and Pacific plate |
| 2. Nazca plate | Between South America and Pacific plate |
| 3. Caroline plate | Between Philippine and Indian Plate |
| 4. Fuji plate | South-East of Australia |

How many pairs given above are correctly matched?

- (a) Only one pair
(b) Only two pairs
(c) Only three pairs
(d) All four pairs

57. Consider the following pairs:

Tribe	Associated region
-------	-------------------

- | | |
|-----------|-------------------|
| 1. Lepcha | Darjeeling |
| 2. Bhotia | Sikkim |
| 3. Mishmi | Arunachal Pradesh |
| 4. Sumi | Uttarakhand |

How many pairs given above is /are correctly matched?

- (a) One pair only
(b) Two pairs only
(c) Three pairs only
(d) All the four pairs

58. The term 'Virtual Herbarium' often heard in the news, related to which of the following?

- (a) A database of dried plants.
(b) Conservation status of animal species.
(c) Animal disease surveillance.

KSG: MEMBER'S COPY

- (d) A multidisciplinary *database* which would embed all zoonoses - related research in *India*.
59. With reference to 'Stony coral tissue loss disease', consider the following disease:
1. It is a newly discovered disease has 94% mortality rate among almost two dozen coral species.
 2. It was first identified in Florida's Coral Reef.
- Which of the above given statements is/are correct?
- (a) 1 only (b) 2 only
(c) Both 1 and 2 (d) Neither 1 nor 2
60. Consider the following pairs:
- | Mountain Pass | Mountain Range |
|----------------------|-----------------------|
| 1. Zozila pass | Ladakh Range |
| 2. Khardung La | Zaskar |
| 3. Photu La | Pir Panjal |
| 4. Banihal | Great Himalayas |
- How many pairs given above is /are correctly matched?
- (a) One pair only
(b) Two pairs only
(c) Three pairs only
(d) All four pairs
61. Consider the following statements with reference to Duar formations:
1. They are used for the development of tea gardens
 2. It is a characteristic feature of Northwestern Himalayas.
 3. Valley of flowers is an example of duar formation.
- Which of the above statements is /are correct?
- (a) 1 and 2 only (b) 1 only
(c) 2 and 3 only (d) 3 only
62. Which of the following best describe term "Bugyals" in the context of Indian physical geography?
- (a) Tribal of north western Himalaya
- (b) Summer grasslands in the higher reaches of the Himalayas
- (c) Temperate forest of Nilgiri hills
- (d) Tribes of Kerala
63. With reference to geography of India, Pangong Tso and Tso Moriri are related to:
- (a) Mountain Peaks
(b) Fresh water Lake
(c) Mountain Range
(d) Salt Water Lake
64. Consider the following Rivers:
1. Subarnarekha
 2. Vamsadhara
 3. Sharavati
 4. Mandovi
- Which of the above rivers flowing towards the East?
- (a) 1 and 3 only (b) 2 and 4 only
(c) 1 and 2 only (d) 3 and 4 only
65. With reference to the Inter Tropical Convergence Zone (ITCZ), consider the following statements:
1. It is a broad trough of high pressure in equatorial latitudes.
 2. The shift of the position of ITCZ in summer affects monsoon.
 3. It moves north or south with the apparent movement of the sun.
- Which of the above statements is /are correct?
- (a) 2 only (b) 1 and 3 only
(c) 1 only (d) 2 and 3 only
66. With reference to ENSO, consider the following statements:
1. La Nina is the "cool phase" of El Nino-Southern Oscillation (ENSO).
 2. El Nino reduces the instances of hurricanes in the Atlantic.
 3. With the Arctic becoming seasonally ice-free, the frequency of strong El Nino events increases significantly.

Which of the above statements is /are correct?

- (a) 1 and 2 only (b) 2 and 3 only
(c) 1 and 3 only (d) 1, 2 and 3

67. Consider the following pairs regarding the Demographic Transition Theory:

	Demographic transition Stage:	Characteristics
--	--------------------------------------	------------------------

- | | |
|------------------|--|
| 1. First Stage: | Low fertility rate and low mortality rate |
| 2. Second Stage: | High fertility rate and reduced mortality rate |
| 3. Third Stage: | High fertility rate and high mortality rate |

Which of the pairs given above is/are **incorrectly** matched?

- (a) 2 only (b) 1 and 2 only
(c) 1 and 3 only (d) 1, 2 and 3

68. The localised thunderstorms, associated with violent winds, torrential downpours, often accompanied by hail, in West Bengal are referred to as:

- (a) Bardoli Chheerha
(b) Blossom Shower
(c) Kalbaisakhi
(d) None of the above

69. With respect to Elephants, consider the following statements:

1. Elephants herd is led by the oldest female member.
2. Asian elephants are considered critically endangered species by IUCN.
3. As per the Elephant census 2017, Assam has the highest number of elephants.
4. Elephants have the longest gestation period lasting about 22 months.

Which of the above statements is/are correct?

- (a) 1 and 2 only (b) 1 and 4 only
(c) 2 and 3 only (d) 3 and 4 only

70. With reference to the World Population Report 2022, consider the following statements:

1. It is an annual report released by World Bank.
2. As per the report, the global population growth rate has consistently increased since 1950.
3. The report highlights that the number of women will become equal to the number of men by 2050.

Which of the statements given above is/are correct?

- (a) 3 only (b) 1 and 2 only
(c) 1 and 3 only (d) 1, 2 and 3

71. Consider the following statements with reference to distribution of salinity in the ocean:

1. Salinity generally decreases from the equator towards poles.
2. Highest salinity is observed in the equatorial region.

Which of the statements given above is/are correct?

- (a) 1 only (b) 2 only
(c) 2 and 3 only (d) 1, 2 and 3

72. Consider the following statements:

1. Geostrophic wind is one whose direction and speed are determined by a balance of the pressure-gradient force and Coriolis.
2. Jet stream is the example of geostrophic wind.

Which of the statements given above is /are correct?

- (a) 1 only (b) 2 only
(c) Both 1 and 2 (d) Neither 1 nor 2

73. With reference to the approaches of human development, consider the following statements:

KSG: MEMBER'S COPY

1. Basic Needs Approach was proposed by United Nations Development Programme.
 2. In Welfare Approach, People are not participants in development but only passive recipients.
 3. Capability approach argues education and access to human resources as the key drivers of the development.
- Which of the Statements given above is/are correct?
- (a) 3 only (b) 2 and 3 only
(c) 1 and 2 only (d) 1, 2 and 3
74. Consider the following statements:
1. The Total Fertility Rate (TFR) is the average number of children who would be born to any women in her lifetime.
 2. As per National Family Health Survey (NFHS)-5, India's TFR is below the replacement level of fertility.
 3. According to NFHS-5, the decline in TFR among women in urban area is more than the decline in TRF among women of rural area.
- Which of the statements given above is/are correct?
- (a) 1 only (b) 1 and 2 only
(c) 2 and 3 only (d) 1, 2 and 3
75. Consider the following statements:
1. The air containing moisture to its full capacity at a given temperature is said to be saturated.
 2. The temperature at which saturation occurs in a given sample of air is known as dew point.
- Which of the following statements given above is /are correct?
- (a) 1 Only (b) 2 Only
(c) Both 1 and 2 (d) Neither 1 nor 2
76. With reference to the Sulu Sea sometimes seen in the news, consider the following statements:
1. It is the part of the Northern Atlantic Ocean.
 2. It includes a group of volcanic islands.
 3. The Tubbataha Reefs of Sulu Sea is a designated UNESCO World Heritage site.
- Which of the statements given above is /are correct?
- (a) 1 and 2 only (b) 1 and 3 only
(c) 2 and 3 only (d) 1, 2 and 3.
77. With reference to ionosphere, Consider the following statements:
1. This layer reflects back radio waves transmitted from the earth.
 2. Temperature in ionosphere starts decreasing with height.
- Which of the following statements is /are correct?
- (a) 1 only (b) 2 only
(c) Both 1 and 2 (d) Neither 1 nor 2
78. Consider the following pairs:
- | Waterways | Region |
|-----------------------------|-------------------------|
| 1. The Danube Waterway | West Europe |
| 2. The Volga Waterway | Russia |
| 3. The Mississippi Waterway | U.S.A. |
| 4. The Rhine Waterway | Germany and Netherlands |
- How many pairs given above are correct?
- (a) Only one pair
(b) Only two pairs
(c) Only three pairs
(d) All four pairs
79. Consider the following statement with reference to Anthrax infection:
1. Anthrax is a zoonotic disease.
 2. It is endemic to India.
 3. It is caused by bacteria.
 4. Antibiotics such as Ciprofloxacin are used to treat the infection.

- Which of the statement given above is/are correct?
- (a) 2, 3 and 4 only
(b) 3 and 4 only
(c) 1, 3 and 4 only
(d) 1, 2, 3 and 4
80. Sundar committee sometimes seen in the news, is related to which of the following?
- (a) Human resource and skill development.
(b) Road safety and traffic management.
(c) Tax reform in India.
(d) Agriculture credit system.
81. With reference to PSLV-C53 program, consider the following statements:
1. It is a commercial mission of New Space India Limited.
 2. PSLV Orbital Experimental Module activity will be tested in this mission.
 3. It carries the NeuSAR and SCOOB-1 satellite to Sun-Synchronous Polar Orbits.
- Which of the statements given above is/are correct:
- (a) 3 only (b) 1 and 2 only
(c) 2 and 3 only (d) 1, 2 and 3.
82. Consider the following statements with reference to Sea of Marmara sometimes seen in news:
1. It is part of the Russia.
 2. It connects the Black Sea to the Aegean Sea.
 3. Snake island lies in the sea of Marmara.
- Which of the following statements given above is/are correct:
- (a) 2 only (b) 1 and 3 only
(c) 2 and 3 only (d) 1, 2 and 3.
83. With reference to the Harangi river consider the following statements:
1. It is the left bank tributary of Cauvery.
 2. The river originates in the Pushpagiri Hills of Western Ghats.
 3. The Harangi dam is located in Indira Gandhi Wildlife Sanctuary.
- Which of the statements given above is/are correct:
- (a) 3 only (b) 1 and 2 only
(c) 2 and 3 only (d) 1, 2 and 3.
84. Consider the following statements with reference to Typhoon:
1. It draws its energy from the warm sea surface.
 2. It characterized by highly vertical development of cumulonimbus clouds.
 3. Generally, it is concentrated near equatorial region.
 4. Recently, typhoon Noru occurred in Japan.
- Which of the following given statements given above is/are correct:
- (a) 1 and 2 only
(b) 1, 2 and 3 only
(c) 2, 3 and 4 only
(d) 1 and 4 only
85. With reference to the Nitrogen in plants, consider the following statements:
1. Nitrogen is one of the major micronutrients for the plant development.
 2. It is a part of chlorophyll, amino acids and nucleic acids.
 3. It is directly sourced from the air.
- Which of the following statements given above is/are correct:
- (a) 1 and 2 only (b) 2 only
(c) 1 and 3 only (d) 1, 2 and 3.
86. With respect to Minerals Security Partnership (MSP) sometimes seen in the news, consider the following statement:
1. It is the outcome of G7 Summit.
 2. It aims to secure supply chains of critical minerals.
 3. India is the founding member of Minerals Security Partnership.

KSG: MEMBER'S COPY

Which of the following statements given above is/are correct:

- (a) 2 only (b) 2 and 3 only
(c) 1 and 3 only (d) 1, 2 and 3.

87. Consider the following pairs with reference to the traditional water harvesting system in India:

System	Region
1. Paar system	Western Rajasthan
2. Bandhis	Bundelkhand region
3. Pat system	Madhya Pradesh
4. Johad	Andhra Pradesh

Which of the pairs given above is/are correctly matched?

- (a) Only one pair
(b) Only two pairs
(c) Only three pairs
(d) All the four pairs

88. With reference to the B.N. Srikrishna Committee sometimes seen in the news, is related to which of the following?

- (a) Data Protection framework.
(b) To review the prevalent system of QR Codes in India for facilitating digital payments.
(c) Formation of the new Companies Act.
(d) Railway restructuring

89. The term Kurinji, Marutham and Paalaiwas recently seen in news relates to which of the following?

- (a) Classification of ecological regions mentioned in Sangam Literature.
(b) Religious texts of Jainism.
(c) Sub-species of frogs which are recently classified as critically endangered by IUCN.
(d) Various types of water storage systems prevalent in ancient India.

90. With reference to Santhal tribes, consider the following statements:

1. Apart from India, they also lives in Bangladesh and Nepal.
2. These tribes are patrilineal in nature.
3. Traditionally, members of the same clan of the tribe do not marry each other.
4. Recently elected President of India, belong to the Santhali tribe.

Which of the statements given above is/are correct?

- (a) 4 only (b) 1 and 2 only
(c) 1, 3 and 4 only (d) 1, 2, 3, and 4

91. With reference to UJJAWALA scheme, consider the following statement:

1. It aims to safeguard the health of women by providing them with a clean cooking fuel.
2. It only focuses on the empowerment of women in rural areas.
3. Identification of the families will be done through socio economic caste census data.

Which of the statement given above is/are **incorrect**?

- (a) 3 only (b) 2 only
(c) 2 and 3 only (d) 1, 2 and 3.

92. Which of the following statement(s) is/are correct regarding the Minor Minerals?

1. Minor Minerals are defined under the Mines and Mineral (Development and Regulation) Act, 1957
2. Power to frame policy and legislation of the minor minerals are entirely dealt by the Central Government.

Select the correct answer using the codes given below:

- (a) 1 only (b) 2 only
(c) Both 1 and 2 (d) Neither 1 nor 2

93. Which of the following is / are the main cause/s of Landslide:

1. Snowmelt
2. Weak lithology

KSG: MEMBER'S COPY

3. Flash flood
Select the correct answer using the code given below:
(a) 3 only (b) 2 only
(c) 2 and 3 only (d) 1, 2 and 3
94. Consider the following with reference to ocean relief features:
1. Continental rise
2. Continental Slope
3. Continental shelf
4. Abyssal plain
Arrange the given above features from deep sea to shoreline?
(a) 3-2-1-4 (b) 3-1-2-4
(c) 4-1-2-3 (d) 3-2-4-1
95. Which of the following statements is/are correct regarding Human Development Index 2022?
1. The report is released by the United Nations Development Programme.
2. India ranked 132 among 191 countries.
3. Bangladesh and Bhutan have performed better than India.
Select the correct answer using the code given below:
(a) 1 only (b) 2 only
(c) 1 and 2 only (d) 1, 2 and 3
96. Consider the following with reference to temperate grasslands of the world:
1. Prairies - North America
2. Steppes - Eurasia
3. Downs - South Africa
4. Manchurian - China
How many pairs given above are correctly matched:
(a) One pair only
(b) Only Two pairs
(c) Only Three pairs
(d) All the four pairs
97. With reference to space bricks, consider the following statements:
1. It has been developed by Council of Scientific & Industrial Research (CSIR).
2. Bacteria named, Sporosarcina pasteurii are used to develop this brick.
3. Human urine can be a source of urea in manufacturing process.
Which of the statements given above are correct?
(a) 1 and 2 only (b) 2 and 3 only
(c) 1 and 3 only (d) 1, 2 and 3
98. With respect to types of Droughts, consider the following statements:
1. Meteorological Drought occurs when the availability of water in different storages and reservoirs falls below what the precipitation can replenish.
2. Agricultural Drought is a situation when there is a prolonged period of inadequate rainfall marked with mal-distribution of the same over time and space.
Which of the Statements given above is/are correct?
(a) 1 only (b) 2 only
(c) Both 1 and 2 (d) Neither 1 nor 2
99. With reference to TULIP program, consider the following statement:
1. It is launched by Ministry of science and technology.
2. It aims to enable fresh graduates with experiential learning opportunities in the urban sector.
Which of the statements given above is/are correct?
(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2.
100. Consider the following statements with reference to minerals:
1. They are naturally occurring organic and inorganic substance.

KSG: MEMBER'S COPY

2. They are having definite chemical composition and physical properties.
3. A mineral is always composed of two or more elements.

Which of statements given above is/ are correct?

- (a) 1 and 2 only (b) 2 and 3 only
(c) 1 and 3 only (d) 1, 2 and 3
